Funded Proposals for 2014

Ten proposals were funded during the first round of RPTIF funding. Of these, three aim to increased access to rural/vulnerable populations, one plans to increase the family engagement in substance abuse treatment, and six focused on enhancing collaboration. Project-specific summaries are provided below.

Increase Access

Spartanburg Alcohol and Drug Abuse Council plans to implement Screening, Brief Intervention and Referral to Treatment (SBIRT) to those entering Spartanburg County Detention Center.

Clarendon Behavioral Health Services will be partnering with a local hospital to implement Screening, Brief Intervention, and Referral to Treatment (SBIRT) screenings to patients to allow for faster referrals to substance abuse treatment services.

Trinity Behavioral Services aims to increase access to quality services to individuals in Marion, Dillon, and Marlboro counties by improving the agency’s information-technology system. This will allow for a greater population to be reached and increase capacity for supervision and training.

Treatment Engagement

LRADAC plans to implement the Community Reinforcement and Family Training intervention to engage participants and a concerned significant other in services to increase retention and successful outcomes.

Enhance Collaboration

Shoreline Behavioral will use RPTIF funds to develop a substance abuse counselor Liaison position at DSS to assist with substance abuse problem evaluation and facilitate referrals to the Family Recovery Center.
Spartanburg Alcohol and Drug Abuse Council will work with a community residential partner and Spartanburg County Department of Social Services to develop a Family Care Center.

Charleston County Department of Alcohol and Other Drug Abuse Services received funding to develop a Family Care Center in partnership with the local Department of Social Services and other community partners.

The Phoenix Center aims to enhance the Family Recovery Center to include safe transitional housing, peer support services, evidence-based Parent Education services, and case management and outcomes tracking.

Keystone Substance Abuse Services will use RPTIF funding to integrate three Peer Support/Substance Abuse Specialists (PSS/SAS) within York County’s existing Family Care Center.

LRADAC plans to increase the number of Peer Support services to increase treatment adherence and retention to substance abuse and co-occurring women in the Midland’s Family Care Center.
